I am writing today to express my opinion concerning the Proposed Final Judgement in United States vs. Microsoft.

No part of the PFJ obligates Microsoft to release any information about file formats, even though undocumented Microsoft file formats form part of the Applications Barrier to Entry according to the "Findings of Fact", sections 20 and 39.

The importance of this travesty cannot be overstated, and will dampen any affects to inspire a competitive market. My hope is that it will be remedied.
